We're going to Primavera!!!

This month we've secured our place at Barcelona's [Primavera Sound](#). Since the line-up announcement two months ago, tickets have sold so quickly that the only way you're getting in is via parachute or stub hub. **Chris Murray** and **Emma Snook** from [The Morning Show](#) will be present throughout the event bringing you all the back stage news in June. In May though, there's the small matter of [The Great Escape festival](#). Everyday the line-up gets more impressive so if you have your ticket already, or you're thinking about going, check out over five hours of new music with this [TGE playlist](#).

Primavera Sound 2016

This month we've had some pretty tasty sessions. Scotland's power punk outfit [Vukovi](#) swung by to give us a nice rendition of their biggest track of last year in [Boy George](#) and a surprise version of an older track in [Gutless](#). Everyone's favourite new indie band [DMA's](#) joined **Greg Porter** for a live session and we also managed to lock down Norway's [Slutface](#) to play for us in **Amazing Towers**.

Our head of music **Matt Baty** started his presenter career on *Amazing* bringing Tuesday nights a heady mix of noise rock, psych, punk, no wave and doom numbers via [No Hype](#). In the future expect some exclusives from his very own [Box Records](#) label.

[The Takeover](#) has recently seen [London In Stereo](#) and one of our **Tips For 2016** in [The Japanese House](#) play their favourite new music on air. Some big players are also due over the next six weeks as we welcome [Eliza Shaddad](#), [The Big Moon](#) and [DIY Mag](#) to do the same.

Check out some other great radio moments via each show page, you'll hear a full album play of **Elliott Power** courtesy of [Amazing Beats](#), a stunning set of guest mixes from the likes of **Children Of Zeus** and **Paper Tiger** on [Dom Servini's](#) show; **Shura** in conversation with [Emma Snook](#), [Jack Parker](#) introducing you to the sound of **Lafrenchclass** and a full on review of [Country To Country](#) with [Baylen Leonard](#).

If that wasn't enough you can also get down to the wavey and euphoric sound of [Dani Charlton's](#) alternative **SXSW** showcase **Synth By Synth West**.
